# HSC Outcomes

2024

**“The variety of talents we have in this cohort is remarkable. However, we are all so much more than these results, and ultimately they are not what we will be remembered for. I will cherish our cohort’s infectious laughter, unconditional support of each other, and enthusiastic contributions to the Roseville community.”**

Emily Barnard  
College Captain 2024

# From the Principal

Ms Deb Magill

For years I have heard our Roseville students chant these words;

*We are Roseville  
Couldn't be prouder  
If you can't hear us  
We'll shout a little louder*

It is exactly how I feel today.

Class of 2024, my pride in you does not sit only in this set of fine results, it sits in who you are; women of character, prepared to continue to learn, lead and serve in what will be a 'glorious expansion of life'.

As a proudly non-selective school, we encourage our students to embrace challenge, knowing that this will set them up best for life. And they have. This year we are ranked 25 out of 627 schools in the Sydney Morning Herald's HSC school ranking, up eight places from 2023. As I look over these results they reflect the hard work of learning, hours of study, an openness to feedback and support of each other.

Congratulations especially to All Rounders Charlotte Bailey, Emily Barnard, Jessica Crawley, Isabelle Fowler, Katherine King, Panny Lim, Annabel MacLachlan, Annabel McGrath, Olivia Miller, Mackenzie Plank, Abbey Sherwood, Abigail Smith and So-Jean Yun.

Equally, we acknowledge Top Achievers Ellie Marmara 1st Place Modern Greek Beginners (NSW School of Languages), Emily Barnard 3rd Place Food Technology, Iris Gower 3rd Place Japanese Extension, Stacy Zhang (Year 11) 3rd Place Mathematics Advanced, Isabelle Fowler 6th Place Food Technology and Annabel McGrath 8th Place Food Technology.

At Roseville College, a high ATAR is far from the full story. Today we also celebrate the many quieter accomplishments: tales of resilience in overcoming difficulties, working towards and reaching personal bests, and embracing challenges while facing uncertainty. It is these achievements that will set our girls apart.

These results also reflect so positively on our teachers. We are a school that knows the value of strong relationships between teachers and students. Where trust is built, learning is magnified. Year 12 2024, it has been our honour to teach you, to walk alongside you in care and in learning over these years, and to join in quiet celebration with you today.

I also extend my thanks and congratulations to the parents and families of our students. It truly takes a village. It has been a privilege to have partnered with you in your daughter's learning throughout these years.

While today is a day of celebration, it does not define the lives of our girls. Instead, it marks a joyful step forward—the close of one chapter and the start of another, rich with new learning, adventures, and opportunities for service, impact, and compassion. As this chapter closes and many new ones open, may they be filled with blessing:

*The Lord bless you and keep you; the Lord make his face to shine upon you and be gracious to you; the Lord lift up his countenance upon you and give you peace. Numbers 6:24-25*

## Emily Barnard

### College Captain

After looking up to those in the years before us, and the finish line feeling like an eternity away, it is strange to finally say that we have survived the HSC!

I am so grateful to have grown up with a group of such vibrant people, and the variety of talents we have in this cohort is truly remarkable. It has been a joy to see everyone's strengths shine throughout the year in musical extravaganzas, dramatic performances, on the sports field and in this snapshot of the phenomenal HSC outcomes achieved by the Class of 2024. But we are so much more than these results and they are ultimately not what we will be remembered for. I will cherish our cohort's infectious laughter in the common room, unconditional support of each other and enthusiastic contributions to the Roseville community.

Next year, I hope to study undergraduate medicine at UNSW or through the Assured Medical Pathway at Notre Dame. I am so excited to see how you will all utilise your passions to bring joy to those around you, just like you have done at Roseville.

## Abbey Sherwood

### HSC Dux

I am so grateful for the support of the Class of 2024 – we stuck together and achieved incredible results. Congratulations also go to our exceptional teachers who invest so much in our learning.

My advice to future HSC students would be to stay balanced. I think the secret to my success is that I maintained my co-curricular schedule of Cru, Soccer and Youth Group. These activities offered me perspective and the space I needed to be open to different opportunities. I started the year determined to study medicine but after much consideration, I've decided my path lies in Economics or Economics/Law at USYD. My guiding wisdom through the HSC has been 'God works good in everything', even if it's hard to see sometimes.

## Jessica Crawley

### College Dux

Congratulations Class of 2024! I am so thankful to have been surrounded by such a vibrant and intelligent year group. As College Dux, I can tell you that there is no hidden secret to success or miracle strategy other than consistently working hard towards a goal. To younger Roseville girls, my advice would be simple: do the subjects you love, put in the time every day, and make the most of the privilege of having an incredible education. Remember, you are more than a student, and are allowed to take breaks, go to parties, and invest in your hobbies. Throughout my time at school, including during exams and HSC trials, I continued to work a casual job as an art teacher which I loved, and found it to be a crucial way to have time away from studying.

Next year, I am planning to take a gap year to travel, work as an art teacher and high school tutor, and invest time in my hobby of painting. After that, I am hoping to study a double degree of Law/Arts or Law/Communications at UTS, USYD, or UNSW.
